Aura scanning/Energy scanning

Mecrin's Aura: As per energy scan your Aura was Yellow-green with soft white glow near the heart. It indicates compassion, emotional intelligence, and deep attachment.

Heart and Solar Plexus chakras are partially blocked showing emotional pain and energy drain. You are still connected to Rohan energetically and needs grounding and self-worth alignment.

Rohan's Aura: As per Aura scanning his Aura was Deep red with indigo tones symbolizing strong will but emotional confusion.

Heart and Throat chakras are blocked showing emotional walls and communication delays. Needs emotional maturity and expression healing.

Combined Aura: A karmic soulmate connection with visible energy cords between heart chakras. Energy is **faded but not broken**. This is a divine testing phase—healing and forgiveness will lead to reunion.

Analysis As per your Birth date shared by you for both:

Numerology Insights

Mecrin (27/02/1994):

Mulank 9 (Mars) – Passionate, emotional, decisive.

Bhagyank 7 (Ketu) – Intuitive, spiritual, and emotionally sensitive.

Rohan (02/06/1987):

Mulank 2 (Moon) – Emotional, caring but moody. **Bhagyank 6 (Venus)** – Romantic, loyal, needs stability.

Compatibility: 9 (Mars) + 2 (Moon) brings strong attraction yet emotional turbulence. 7 (Ketu) + 6 (Venus) indicates a **karmic-past connection** requiring balance and trust. You are karmic soulmates meant to evolve emotionally through patience and forgiveness.

Angelic & Intuitive Guidance

Angel Number 222 signifies divine timing and balance in relationships. Archangel Raphael oversees this connection, guiding both towards heart healing. **Message:** 'Do not chase; let divine timing unfold.' Reunion energy aligns between February and May 2026.

Spiritual Observation – Bandhan Dosh Insight

Through aura scanning, a Bandhan Dosh is visible between both. It is an energy-created block, also black magic or energy binding is there.

It is causing emotional entanglement, misunderstandings, and separation delays.

It is highly suggested to go for Energy Cleaning, Sweeping, Bandhan Dosh Nivaran, Healing, Protection, and Aura Shielding.

These processes will gradually bring visible positive changes—improving communication and restoring emotional harmony.

Always keep an Aura Booster to protect your energy and prevent future blocks.
